Mobile Asphalt Drum Mix Plant

The Rhino Asphalt Drum Mix Plant ensures multiple advantages that are listed below:

- Easy to transport.
- Less Fuel Consumption
- High energy saver
- Less Maintenance
- Easy to dismantle and demobilize
- Portable
- Low Dust Emission
- Modular Design for Containerized transport
- Proper Asphalt Coating
- Automatic Controls

It is designed and engineered to give trouble-free performance with superior fuel efficiency. Our pursuance to offer our customers the best and constant up-gradation of products today showcases exceptional and unmatched product refinement in our asphalt plants.

Our MDM (Mobile) series offers customers the industry's finest & proven technical solution, latest generation process controls and automation together with total installation and site support, aimed to deliver precisely mixed quality asphalt – productively and profitably. Available in capacities ranging from 20 to 120 TPH output in different models.

MDM-45 Standard Configuration:(with pollution control unit)

- One Chassis - Drying & Mixing Unit with Load out Conveyor & Gob Hopper
- One Chassis - Cold Aggregate Four Bin Feeder with Slinger conveyor
- One Chassis - Bitumen Tank, L.D.O. / Fuel Tank & Mineral Filler Unit, Control Cabin with Electrical Control Panel & Optional D.G. Sett

MDM-25 Standard Configuration:

- One Single Chassis consisting Drying & Mixing Unit, Cold Aggregate Four Bin Feeder, Conveyors, Gob Hopper & L.D.O./Fuel Tank
- One Chassis - Cold Aggregate Four Bin Feeder with Slinger conveyor
- Bitumen Tank with towing system, Furnished Cabin with Electrical Control Panel on towing system
